**Commissioner for Patents**

The amendment filed 25 April 2007 is non-responsive. Applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

## **DETAILED ACTION**

### ***Notice of Non-Responsive Amendment***

1. The amendment filed on 25 April 2007 canceling all claims drawn to the elected species and presenting only claims drawn to a non-elected species is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected species because species I (claims 83-114) and species II (claims 115-152) detail a mutual exclusive characteristic of:

Species 1: data management wherein ownership information is embedded in a source file, stored, and later compared to a target file.

Species 2: data management wherein a source video comprising pixel matrix information is registered, embedded with file attribute information, encrypted with the owner's key, and decrypted such that an authorized user can access the file attribute information.

2. Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
